CORINELLA SCHOOL CHAT

Western PSSA Swimming Carnival
We travelled to Dubbo on Friday 8th March to enjoy a day of swimming with many Western district schools.
Corinella students participated with great enthusiasm and tenacity. All swimmers were great competitors. A special congratulations to Charlie Fay who came first in the 13 Years Boys 50 m Freestyle and will compete at State level in a few weeks’ time. Also a hearty congratulations to our relay team; Charlie Fay, Jack Carty, Aaron Mickan and Jeordy Carty who, with a time of 3:03:00, will compete at state level in Homebush in a few weeks’ time.
WE COULDN’T BE MORE EXCITED IF YOU PAID US!!!
Well done to all of our students, you have worked hard and now the hard work begins. Thank you parents for providing this opportunity to the students. A special thank you to Flynn O’Neill who helped the team make it to Dubbo from Condobolin and to Austin Fay who continues to cheer us on.

Kitchen Garden - Sponge Cakes
Students experimented with two sponge recipes to bake two very different but mouth-watering sponge cakes.
The main differences were: One had plain flour and the other had cornflour and with one of the eggs were separated and bicarbonate soda was added to the egg whites to make the air bubbles and with the other both the egg white and yolk were beaten together
After taste testing the finished products, students decided that the plain flour sponge had the familiar sponge taste; Mrs Ridley and Mr Horan thought the traditional style sponge was the better; the cornflour sponge was very light, but without the full flavour of the plain flour sponge.
Never the less, both cakes were devoured!!! PS and Jack learnt not to pour pink food colouring directly from the bottle!

HSIE - Production & Packaging
Mrs Mickan was our guest speaker giving us an insight into the operation of a successful aromatherapy venture. She gave students an insight into setting up a business and the process of making, packaging and marketing a product. Students then went on to make bath salts, which they will package, label and give to their parents as a reward.
Austin: “We had to crush the rock salt, on a board with a hammer outside on the steps and then weigh it.”
Flynn: “We had to weigh the ingredients and then we put the right amount into a bowl and add some rose petals and rosemary which we had dried.”
Jeordy: “We used a beaker to measure the lavender oil, jojoba oil, rosemary and grapefruit oils.”
Aaron: “We put the oils into little glass bottles and the salts into a snap lock bag.”
Jack: “We used our bath salts to give ourselves a nice relaxing foot bath.”
Charlie: “ It made me feel relaxed and I could have gone to sleep; but I did have beautiful smelling fresh feet!”
