- 25th July

**Friday**
- 26th July

**Community:**
- It Takes A Village, 10:00 am - 11:30 am

**Students:**
- NAIDOC Week celebrations, Forbes

**Students:**
- Visit from Mr Mal Carnegie for My Story, My Content Short Film

### Environmental Visitors

Our first week of Term 3 began with great enthusiasm. On Thursday 18th July we hosted delegates attending the Western Environmental Education Centres Conference, who were invited to our school by Mr Mal Carnegie (Projects Manager, Lake Cowal Conservation Centre) to view students environmental activities at our school.

The guests participated in a Bridget workshop with Mr Mark Caddey (Senior Development Officer - Sustainability, Curriculum Learning & Innovation Centre - Department of Education & Communities) discussing integrating environmental studies across the Australian Curriculum.

There is so much value for the students when they are asked to speak in front of an audience. The content is relevant and the immediate response from the audience and conversation is a good reinforcement to build confidence.

Principals were so impressed with the students’ behaviour, their ‘presence’ and ability to behave appropriately in such situations.

To add to the day, Mrs Ridley and students had prepared scones with jam and fresh cream and Anzac Slice for morning tea. For lunch, three large potato bakes, two large cauliflower cheese dishes and two enormous roasted winter vegetable dishes to add to the succulent sausages, rissoles and steak provided by Mr Carnegie and his team of chefs!

Mrs Carty had worked tirelessly to prepare the dining room for the luncheon. From now on we shall call this room the ‘dining hall’.

Congratulations students on a fantastic start to Term 3.

### Kids Teaching Kids

On Friday 19th July, Relieving School Education Director, Mr Peter Snowden, welcomed us to the Kids Teaching Kids conference at Forbes North Public School.

The hall was filled with students who had worked hard to prepare workshops that were diverse, interesting and engaging. This time, we participated as audience members only and heard about the importance of drinking tap water to save the waste of using disposable drink containers; learning that approximately 25% of bought bottled drinking water came directly from a municipal supply anyway!

We also learnt about the ‘Germinator’ who encouraged kids to dump rubbish so badly it prevented them from playing. But the ‘Germinator’ didn’t win and the students realised that rubbish needed to be picked up so that they could play.

These conferences are an excellent way to continually embed our understanding of sustainability, biodiversity and the environment and the need to care for the future of our planet. It is very interesting to see the creative, fun ways that children can present their knowledge.

Forbes North Public School have a fabulous kitchen garden. This was where we first saw a kitchen garden and were inspired to plan and develop our kitchen garden at school. We would like to paint our kitchen now!!!

### Weekly Assembly

**Students of the Week**
- Flynn O’Neill - Volunteering at KTK conference
- Austin & Charlie Fay - Preparation for Public Speaking

**STUDENTS OF THE WEEK**

**Flynn O’Neill** - Volunteering at KTK conference

**Austin & Charlie Fay** - Preparation for Public Speaking
Crazy Hair Day

On the 28th June, Years 6 and 5 held a fundraiser day at school. The fundraiser was called ‘Funky Hair Friday’. The day was a success, we raised $96.50, we also had a lolly guessing competition. The jar with the lollies inside held 199 lollies and Jeordy Carty guessed the closest with 203 and won! We cooked some treats as well, and also every student read their CWA speech to the audience. The day took a lot of organising as well………..

On the 28th June, Year 6 and Year 5 had a fabulous fundraiser (Funky Hair Friday) to raise money for a food processor that Mrs Ridley kindly purchased for our kitchen. It was a lovely day and all the students enjoyed the games, lollies and food and by the end of the day we raised just under $100, which was a huge effort, thanks to our community and friends…………

On the 28th June we had a fundraiser. It took two weeks to plan. On the day we had a lot of games to play but we got through it all. And at the end we had speeches to do. Then we cleaned up and went home with lolly smiles! ..............

Mum brushed my hair and we went in the car. When we got to school we went inside we all worked to get clean up the classroom………..

Our leaders and captain held a funky hair day on Friday. I wore a wig, it was a red afro and with hair spray I wrote the letter ‘A’ on the top. It was a great day, they had planned it so well. Our leaders did a guitar competition, then a freeze competition, then musical chairs, then Jack, Charlie and Flynn went to hide the goodies. We kids stayed inside, then we ran outside and had a lolly hunt. We had even more games than that. They raised $96.50, and this was actually more than what was needed! …………..

On the 28th June we had a fun day called funky hair day. It was raining at the time but that was no worry we had a plan B. I dressed up in skinny jeans and shirt with a leather jacket. Everyone dressed up really good. We had a great plan for the day. We saved money for a food processor. It was $2 to come in, $2 to spray your hair, 50c to guess how many lollies in a jar. The day finished with an Assembly and afternoon tea…………

On the 28th of June we had a funky hair day at school, we had lots of lollies and treats. Everyone came to school funny looking. We had a lolly guessing competition, a treasure hunt, a hair paint, a freeze ‘comp’, an air guitar ‘comp’ and a game of musical chairs. Everyone had lots of fun!…………..
