Premier’s Sporting Challenge

Last term students completed their involvement in the 2013 NSW Premier’s Sporting Challenge. Over ten weeks students monitored their physical activity in a log book.

We value physical activity for its physical, social and emotional benefits. It also helps young people to develop communication skills, confidence and resilience while having fun with family and friends.

Our students always look forward to participating in the Challenge and having fun along the way, while raising money for specialised sport lessons through the Premier’s Sporting Challenge grant.

Woolworths Earn & Learn

Thank you to our extended school families and community for this great collection effort. The total amount of points earned was 2,460. Lego construction and some items for our playgroup children who also supported us with points have been ordered, we can’t wait to receive them next year.

NAIDOC Week Celebrations

On 24th of July the students from Corinella Public School drove to town to take part in the NAIDOC day celebrations. There were a lot of schools there. When we got out of the car we hopped in the back of the line and walked to the indigenous site which is just over the Forbes Lake beside the BMX track. We had the chance to look at the stores and have a wander. They cooked some wonderful food such as emu, kangaroo, wallaby and crocodile. It was a wonderful day and I hope everyone loved it…………

At NAIDOC day first we sat down on chairs and watched the schools presentations. Some Red Bend students were dressed in traditional Aboriginal costume and were dancing to music. After the presentations, there was some cake and a barbecue; we also had crocodile and kangaroo. They had shops that had free stuff…………

On the 24th July our school went to an indigenous site in Forbes, over the Forbes Lake. We firstly listened and watched an introduction. We watched a performance on Indigenous songs, a band played some music, and a performance from Forbes Public students. We then were asked to walk around the staffs and played a part in some activities and also had lunch, which was crocodile, emu, kangaroo and meat sausages. We had a fire truck come with lessons about fire safety and how to put out a fire. It came to the end of the day; we walked across the lake and to the car. We all had a great day and hope to go again another day…………

Transition

On the 25th of July our new Kindergarten students came to school and had lots of fun. They made Fruit Loop jewellery, teddy bear trains made out of Milky Ways, Tiny Teddies, Smarties and icing. They also made spectacular paintings of dragonflies!!! Their names are Karla, Lacey and Madison, they are excellent students and I really hope they are able to come next time……..

Last week on Thursday the new kindergarten came to our school and they did craft things. They made teddy bear trains. First they got the Milky Way and put two dabs of icing sugar on each side, then put a smartie on each dab of icing. Then they made Fruit Loop necklaces. They put the string through the Fruit Loop until it was big enough to fit around their necks. I hope they come back soon……..

On the 25th July, the girls came for the day to practise for next year. They made teddy trains with Milky Ways for the body of the train and m 'n' m's wheels stuck on with icing. There was a Tiny Teddy on top of the train and they made necklaces and bracelets by cutting a length of string with Fruit Loops as beads then they ate them……..
