Sakura Matsuri Excursion

The Japanese Gardens in Cowra is a fascinating and welcoming garden to visit. We enjoyed a very special day on Wednesday 17 September. Upon arriving at the Gardens we were treated to a kite flying and problem solving experience on the sloping lawns, which proved to be quite spectacular and great entertainment for other visitors.

This was followed by a feeding of frenzy fish activity whilst waiting for our turn to enjoy a traditional Japanese tea ceremony. Students were shown a traditional tea ceremony on video, which was quite contrasting to our chatty cups of tea here in Australia. The main difference being the quiet serenity, limited talking with the host who was not the focus of the ceremony, but rather the out of sight background host. The green tea was a powder, quite strong. Students had a marshmallow before their tea and another after!

We then got to taste some Japanese sushi, very interesting flavours for our young students. Two of our students just LOVED it, and can you guess who they would be?

We then had some more lunch and walked through the gardens; we went to the art gallery and saw the most amazing Japanese art work, of which Mrs Ridley was immersed for quite some time.

It was a wonderful day enjoyed by other schools as well.

Term 4, 2014
Sport and Recreation’s Swim and Survive starting soon

Australian summers usually involve plenty of fun in and around the water, but no parent can forget how important it is to make sure children stay safe.

Sport and Recreation’s Swim and Survive classes for preschoolers and school-aged children help youngsters learn important ways to be safe and enjoy our pools, rivers, beaches and lakes.

The intensive nine-day programs give wonderful results, and are great fun as well! Plus, family discounts make our program affordable for all the children in the family.

Sport and Recreation runs Swim and Survive classes in pools throughout regional NSW, including somewhere near you.

Our instructors are nationally qualified and screened for their suitability to work with children.

Prices for nine lessons are $67 for school-aged children and $48 for preschoolers (prices exclude pool entry fee).

For more information or to make a booking, visit www.dsr.nsw.gov.au/swimandsurvive or phone 13 13 02

Office of Sport
Sport & Recreation
At some point we have all sat down with our parents for ‘the talk’. It’s not always easy, but learning about sex is an important conversation that every parent and child should have.

The Other Talk is about Australian families talking openly about alcohol and other drugs and is an important step when preparing your child for a teenage party. However, you could start talking to your child as early as eight years to make sure they have the right information and attitudes when they reach high school.

You’re Invited to attend ‘The Other Talk’ forum in a town near you.

FORBES, NSW
