Horse Riding Lessons

The absolutely delightful spring weather on Thursday 4th September provided a wonderful atmosphere for a leisurely one and a half hour trail ride through the bushland, billabong and open paddocks of Sahara Park Riding School.

Again, students paired up with their favourite horse to enjoy learning and practising riding techniques on their placid natured ponies. In particular, students learnt to lean back in the saddle when riding downhill, lean forward in the saddle when riding uphill and to stand in the saddle when their horse is going to the toilet. These techniques involved the physical aspects of balance, core strength and gross motor skills such as postural control and cognitive aspects such as listening to, interpreting and following instructions. The values of respect and care for animals were constantly reinforced.

Corinella School staff, students and parents embrace extra curricula learning opportunities that are specifically relevant to safety in our isolated location; in the past two years students have completed both water safety and snake bite first aid lessons with qualified instructors. The target area this year is horse awareness/safety; all students at our school have access to horses to ride, but do not own a horse of their own or have experience handling them. During our lessons at Sahara Park, Helen and Leanne continue to emphasise that students should not assume they can ride a horse until they have taken the time to know and understand the temperament and habits of that particular horse, like Lacey's pony Harry who likes to take a break by pretending to go the toilet!

We thank the staff and volunteers at Sahara Park for their generous and sincere hospitality and look forward to more lessons in Term 4.
